

TECHNICAL DATA SHEET

MALCO® CARPET & UPHOLSTERY CLEANER CONCENTRATE (1018)

DESCRIPTION

Carpet & Upholstery Cleaner Concentrate is a hand-applied fabric cleaner designed to remove ground-in soils and stains from automotive carpet and upholstery. NOT for use with extraction machines.

DIRECTIONS

Before cleaning, vacuum surfaces to remove dust, dirt or debris. Always test colorfastness before cleaning. Try Carpet & Upholstery Cleaner Concentrate in an inconspicuous area first and look for changes in color, appearance and texture. If there is any change do not use this product. Moisten surface with cleaning solution. Gently agitate with a brush or colorfast cloth. Absorb cleaner and soils with a clean, dry cloth. For best results, rinse area with water, agitate and blot with clean towel. Based on your cleaning needs, dilute 1:10 to 1:20.

FEATURES AND BENEFITS

Speeds spot and stain removal when cleaning without extraction	Prepares heavily-soiled areas for extraction cleaning
Lifts and dissolves soils for complete cleaning	Removes a wide variety of automotive soils and stains from synthetic and natural fibers
Works great in a Tornador®	Can be diluted 1:20
