

## MALCO<sup>®</sup> SURFACE SHINE<sup>™</sup> INSTANT DETAILER (1929)

### DESCRIPTION

Surface Shine<sup>™</sup> Instant Detailer is a slick, hydrophobic, easy-to-use surface enhancer designed to remove dust, fingerprints and smudges to leave an attractive shine on any non-porous painted surface. It also works well as a lubricant for use with overspray clays, clay alternatives and when buffing and polishing. Ideal for pre-delivery and showroom cleanup.

### DIRECTIONS

Spray onto wet or dry painted surface, distributing product evenly. Wipe off with a clean microfiber towel. Not for use on glass.

### FEATURES AND BENEFITS

Removes light surface contaminants such as dust, fingerprints and smudges	Produces a slick, high-gloss shine
Fast and easy-to-use formula	Also good for overspray clays and clay alternatives
VOC compliant	Water based
